CONTENTS:

VOLUME 1 1971

T.-I.-T. JOURNAL OF LIFE SCIENCES

Edited and Published Quarterly in March, June, September, and December by
Tower International Technomedical Institute, Inc.

T.-I.-T. Journal of LIFE SCIENCES accepts for publication original results of investigations, short communications and reviews, that shed significant light on any phase of subjects related to Life Sciences.

T.-I.-T. Journal of LIFE SCIENCES was introduced as a consequence of the increasing information gap between Medical, Behavioral & Biological Sciences, and the Biophysical Sciences and Biomedical Engineering. It brings together information dispensed by different fields and is published:

- To serve as a medium of interchange of scientific information between various disciplines of Medical, Behavioral, Biological Sciences and Bioengineering.
- To provide a channel for **immediate, rapid and undelayed** publication of original scientific contributions to LIFE SCIENCES.
- To announce outstanding and unusual scientific achievements in a manner that will promote interplay and interaction between scientists belonging to these disciplines.
- To help understanding the bases of life and thought, in order to increase continually man's capability to meet economical, educational, social, technological and environmental demands.

Special Issues will be published occasionally.

Subscription Price

1 year: $16.00 **postpaid** in the U.S.; $17.00 in Canada; $18.00 in other countries.

2 years: $28.00 **postpaid** in the U.S.; $30.00 in Canada; $33.00 in other countries.

Subscription Orders should be sent to:

Publication Office, T.-I.-T. Journal of Life Sciences,
Tower International Technomedical Institute, Inc.
P.O.Box 4594, Philadelphia, Pennsylvania 19131

Changes of address must reach the Publication Office by the 15th of the month previous to the month of publication.

For Information and Instructions to Authors - see inside back cover.

CONTENTS

VOLUME 1 NUMBER 1 1971

Histopathologic Changes in Rat Liver following 2450 Megahertz Microwave Radiation . . . . . *C. K. O'Brien, A. W. Richardson, and H. M. Kaplan* 1

Impairment of Multimodal Sensorimotor Performance Resulting from Brain Damage . . . . . *A. Carmon* 9

Pharmacological Methods in Membrane Biophysics . . . . . *P. B. Hollander* 17

Continuing Scientific Education of Life Scientists in Mathematics . . . . . *R. Plonsey, L. Ostrander, D. Gann, M. Macklin, and D. Fleming* 25

Art in Biology: A Book Review . . . . . *R. J. Boscott* 28

VOLUME 1 NUMBER 2 1971

A Model of Sensory Receptor Transducers . . . . . *S. Deutsch* 29

Mechanisms of Time Perception . . . . . *N. Adam* 41

A Chopped-Current Clamp for Current Injection and Recording of Membrane Polarization with Single Electrodes of Changing Resistance . . *R. Brennecke and B. Lindemann* 53

Behavioral Effects of Fats in the Diets of Male Weanling Rats . . . . . *R. E. Musty and J. R. Chipault* 59

VOLUME 1 NUMBER 3 1971

The Inhibitory Action of Norepinephrine on Potassium Uptake in Cardiac Purkinje Fibers . . . . . *P. Posner and M. Vassalle* 67

Hypothalamically Induced Eating: Eating from 'Non-eaters' with Diazepam . . . . . *W. Y. Soper and R. A. Wise* 79

Diffusion Polarization at Lipid Bilayer Membranes in the Presence of a Homogeneous Chemical Reaction in the Solutions . . . . . *B. Neumcke* 85

The Auditory Evoked Potential in Man: A Review . . . . . *J. W. Lindsey* 91

VOLUME 1 NUMBER 4 1971

Changes in Electrical Activity of the Brain as a Criterion of Hyperbaric Oxygen Toxicity in Central Nervous System . . . . . *D. Harel and S. Lavy* 111

X-Irradiation Schedules for Selected Responses in Yeast . . . . . *E. Spoerl* 115

A Note on a Simple Counter-current Exchange System . . *P. J. Palatt and G. M. Saidel* 123

The Information Content of an Electromagnetic Field with Relevance to Sensory Processing of Information . . . . . *T. W. Barrett* 129

INFORMATION AND INSTRUCTIONS TO AUTHORS

Address for sending Manuscripts, Books for review and inquiries concerning material to be published:

Editorial Board, T.-I.-T. Journal of Life Sciences
Tower International Technomedical Institute, Inc.
P.O.Box 4594, Philadelphia, Pennsylvania 19131.

Content of Manuscripts

The Journal accepts for publication original results of investigations, short communications and reviews, that shed significant light on any phase of subjects related to LIFE SCIENCES.

Since only unpublished material is acceptable, each Manuscript must be accompanied by a statement that this Manuscript has not been published elsewhere and/or is not currently being considered for publication elsewhere except as an abstract. Possibility is provided for publishing Abstracts only of especially important materials published elsewhere, which are relevant to topics discussed in the current issue. These will be published in a separate section "Important Abstracts". The acceptance of a Manuscript is based on the understanding that the manuscript is submitted in its final form.

Form of Manuscripts

Manuscripts must be submitted in duplicate, in typewritten form, double spaced (usually 8½ x 11). A separate title page should bear:

(a) The Title.
(b) The Authors' names.
(c) Positions held by Authors (not to be published).
(d) The Laboratory or place of origin.
(e) Footnotes appropriate to Title or Authors.
(f) Mailing address.

Main subtitles should be discriminable from other subtitles.

References to Literature

Shall be arranged in alphabetical sequence, numbered in that order, and shall include the full titles.

Illustrations and Figures

Must be submitted unmounted, in duplicate, should be of professional quality and must have the size: Width must not exceed 8 inches; Length must not exceed 10½ inches. Illustrations and Figures must be numbered on the back. The same number and appropriate explanations should appear in the right place in the text. Big letters and numbers should be used, to allow reduction.

Abstracts

Each Manuscript must be accompanied by an abstract not exceeding 150 words, suitable for use by Abstracting Journals. The Abstract should also be double spaced.

Time of Publication

Manuscripts will be evaluated by the Editorial Board within **2–4 weeks** and published **immediately** thereafter.

Reprints

50 free reprints will be sent to the first author as appearing on the Title page.
